

## News Letter

A retired greyhound trust is in the process of being set up so that we have a dedicated re-homing scheme for the greyhounds that retire from racing at the Central Park Stadium.

A website has been created and can be found at:-

[www.rgtsittingbourne.co.uk](http://www.rgtsittingbourne.co.uk)

There will be pictures of the greyhounds available for adoption along with a description of their temperament and age etc.

Have a look and see what you think about it, any constructive comments would be welcome and an email address can be found on the contacts page for this. This email address is only a temporary one until the Trust is set up when a permanent one will be listed.

We are still in the early stages at the moment but hope to have everything in place very shortly.

The director of the RGT Ivor Stocker has agreed to be the Chairman for 6 months to over see the initial setting up.

With your support we can make this work and we look forward to a successful time ahead re-homing all our retired greyhounds.

I'm sure the staff at Central Park Stadium will be happy to point you in the right direction for information as Roger Cearns has pledged the full support for this.

If you need to know more about this project please do not try to speak to them during busy periods but visit the website instead where I will keep you informed of progress through the News link.
